

POLE WARNING FLAG AND LIGHT

- 3 Volt LED Light
- Flag and light holders provide high visibility when hauling poles
- Two styles - single or double flag holders
- The double holder can be used with flags and light together
- Light units can be ordered with amber / amber lens or red / amber lens
- Holders attach to pole easily with ratchet / strap binder
- Flag is made with fluorescent orange nylon mesh material, 18" x 18" square
- Flag mast is 1 1/4" O.D. fiberglass
- Light lenses can be rotated on battery box for rear or side markers
- Battery box is molded from high impact resistant plastic
- Light requires 4 D Cell Batteries (not included)
- Light has 3-way switch, constant on - flashing - off
