

HASTINGS SPECIALS AND EX-NUMBERS

Every year we do many specials for our customers, these are EX-number's. Some of these specials might be useful to other utilities other than the utility that had the request. I am going to start sending out bulletins to you, the rep, to let you know what is available. Keep in mind that because these are specials, there might be minimum sales quantities and sales samples might not be available. We will do the best we can to work with you and your customer.
